Dear Creekview Lane Residents.

I am writing to update you on the status of the Creekview Sewer project. Strasburg Township has received a grant of \$230,400 from the Lancaster County Commissioners to aid in the construction of the project. The project was bid in accordance with state law and the accepted bid was from D.H. Funk in the amount of \$382,060.

The contractor has been given the notice to proceed and construction will commence on or about July 17, 2023. The construction will be undertaken so that all residents will be able to utilize Creekview Lane during construction of the sewer main. The construction will be substantially complete by October 1, 2023.

The actual fees for connection and the quarterly user fee have not been determined at this point but this will be calculated over the next few months. It is tentatively estimated that all properties will be required to connect by March 31, 2023. The decommissioning of your current on-lot system and connection of your building sewer to the lateral provided during construction will be the responsibility of each homeowner. Furthermore, a water meter approved by the Strasburg Borough Authority will be required to be installed on your well service line for billing purposes.

If you have any additional questions feel free to contact me. Strasburg Township will be providing updates on the Township website and additional correspondence will be forthcoming regarding connection and user fees.

Sincerely,

Mark A. Deimler, PE, BCO, SEO
Strasburg Township Administrator
